

Fluid Process Equipment | Service & Repair | Installation | Skid Systems | Valve Automation

PUMPS

Horizontal and vertical process pumps

Positive displacement gear pumps

Self-priming centrifugal pumps and submersible pumps

Multi-stage, general service and submersible centrifugal pumps

Progressive cavity, rotary lobe, multi-screw pumps, and heavy-duty peristaltic hose pump

Magnetically driven metering pumps

Multistage centrifugal and positive displacement metering pumps

Sandpiper air operated double diaphragm pumps

Tote, metering and drum pumps

Metallic and non-metallic sealless mag drive gear pumps

Single & multi-stage centrifugal pumps

Alloy gear pumps

Magnetically driven positive displacement, centrifugal, and turbine pumps

Diaphragm metering pumps

Precision metering pumps

High pressure, single stage water pumps

Screw and vortex solids handling centrifugal pumps

Heavy-duty abrasive slurry/solids handling

Screw centrifugal sludge handling pumps

High pressure reciprocating pumps

Peristaltic metering pumps

Air-operated single acting diaphragm pumps

Husky® air-operated diaphragm pumps

Rotary lobe pumps

Centrifugal and rotary lobe pumps

General service centrifugal pumps

Submersible pumps

Horizontal and vertical centrifugal pumps

Self-priming pumps

General service centrifugal and regenerative turbine pumps

Submersible pumps

Submersible pumps

General service and centrifugal pumps

Heavy duty rotary lobe pumps

Metering pumps and systems

Multi-stage, general service and submersible centrifugal pumps

Chemical injection, precision dosing and diaphragm pumps

MECHANICAL SEALS AND COUPLINGS

Mechanical seals, packing, seal support systems and couplings

Air purge seals for horizontal mixers, blenders, and screw conveyors

VALVES

Industrial carbon and stainless steel and alloy ball valves for manual, automated and control applications

Two & three piece, full, reduced & multi-port design, flanged, threaded, socket weld for manual, on/off and control

High temperature, high pressure, digester blow valves, metal seated trunnion mount, phantom port, double block and bleed ball valves

ANSI Class high performance and resilient seated butterfly valves for a wide range of applications, manual or automated

CRANE FKX

Triple offset butterfly valves for extreme low and high temperature applications

Carbon and stainless steel high performance butterfly valves, iron body resilient and PTFE seated butterfly valves

A leading manufacturer of industrial thermoplastic valves and accessories

CRANE

ALOYCD

DUO-CHEK

Bronze, cast iron and steel, stainless steel gate, globe and check valves

Non-slam, spring assisted stem guided check valves up to Class 2500

Globe style control and isolation valves for liquid and gas in severe service applications to Class 4500

ITT Fabri knife gate valves for pulp and paper, mining, chemical, power, petroleum refining and wastewater applications

Steam specialties; traps, strainers, separators, flash recovery, pressure and temperature control valves, steam motive pumps

AWWA butterfly, plug and check valves, swing check, Swing-Flex, Surgebuster, air release and vacuum valves, QuadroSphere Ball, Ener*G resilient seated ball, automation packages

USA manufactured pinch valves, duckbill and wafer check valves, ISO rings and pressure sensors

MIXERS

Top and side entry mixers

FILTERS

Strainers and filters, manual and self-cleaning, metallic and non-metallic media, gas/liquid separators

High capacity self-cleaning water filters

Bag, cartridge and carbon filters

AIR HANDLING

Liquid ring and rotary vane vacuum pumps, blowers, compressors, packaged systems

HEAT EXCHANGERS

Plate and frame heat exchangers, replacement parts, and service
