

PUMPS

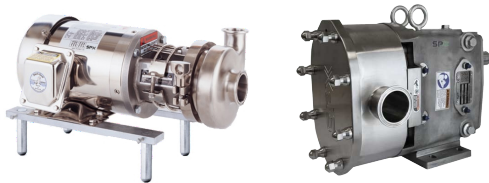

Sanitary centrifugal, circumferential piston, rotary lobe and twin screw pumps

Pumps, valves, heat exchangers, homogenizers

SPX-Waukesha Cherry-Burrell sanitary positive displacement and centrifugal pumps

Sanitary drum pumps

Corrosion resistant, drum, and magnetic drive pumps

HEAT EXCHANGERS

Sanitary plate and frame heat exchangers, replacement parts, and service

MIXERS

Top and side entry sanitary mixers

Shear blender, power/liquid blending systems

Sanitary static mixers

SANITATION

CIP and COP systems

ACTUATORS/AUTOMATION

Pneumatic rack and pinion, skotch yoke and electric on/off and modulating quarter turn actuators, limit switches, solenoids

Electric on/off, modulating, quarter turn, and actuators

Temperature sensors and assemblies including thermocouples, RTDs, PT 100s, thermowells and accessories

Three & four way solenoid valves

REPAIR PARTS

Repair parts available for most brands of pumps and valves

VALVES

Single seat valves, double seated mix proof and PMO valves with automation and control, over pressure and hygienic butterfly valves

USA manufactured pinch valves, duckbill and wafer check valves, ISO rings and pressure sensors

Triple offset butterfly valves for extreme low and high temperature applications

Carbon and stainless steel high performance butterfly valves, iron body resilient and PTFE seated butterfly valves

Steam specialties; traps, strainers, separators, flash recovery, pressure and temperature control valves, steam motive pumps

Gate, globe and check valves in cast iron, carbon and stainless steel

Non-slam, spring assisted stem guided check valves up to Class 2500

Knife gate, slide gate and sluice gate valves, and check valves

A leading manufacturer of industrial thermoplastic valves and accessories

Ball and butterfly valves; fittings for sanitary and pharmaceutical applications

Single seat valves, butterfly and check valves, valve repair components

Full line of sanitary ball, butterfly and check valves, relief and vacuum valves and sanitary specialties

Sanitary diaphragm and plug valves, sampling valves and 3A pressure gauges

Industrial process ball valves up to ANSI Class 1500, full and standard port with multi-port configurations, V-ball for control applications

Two and three piece, full, reduced & multi-port design, flanged, threaded, socket weld ball valves for manual, on/off and control

ANSI Class High performance and resilient seated butterfly valves for a wide range of applications, manual or automated

High temperature, high pressure, digester blow valves, metal seated trunnion mount, phantom port, double block and bleed ball valves

SERVICES

- Flooring, coatings, tank liners
- Wastewater treatment
- Packaged systems
- Valve repair
- Equipment repair
- Field service
- Vibration analysis
- Laser alignment
