RG GEAR DRIVE MIXER

PORTABLE MIXER

- » FACILITATED MAINTENANCE w/ standard NEMA C-Face design.
- » QUICK SHIPPING usually within 2 days based on configurations selected.
- » HIGHLY DURABLE CONSTRUCTION for lasting, flexible, broad application.

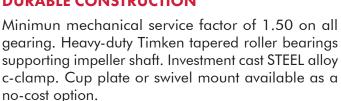

The Cleveland Mixer portable agitator series features class leading durability and strength with a bearing support designed with Timken tapered roller bearings, AGMA 10 helical gearing, virtually unbreakable STEEL c-clamp, and a massive hollow bore low speed coupling.

The RG portable mixer series is ideal for applications from 500 gallons to 5,000 gallons, in horsepower ranges from ¼ to 3. Output speeds are 264 or 400 RPM. Standard impellers are XTF-3 hydrofoils or square pitch propellers. Cleveland Mixer offers over 10 different optional impeller styles to best meet your process needs.

UNMATCHED GUARANTEES

The RG series of mixers is American made, and comes with a 100% process guarantee and Cleveland Mixer's industry leading 3-year mechanical warranty.

FLEXIBLE CONFIGURATIONS

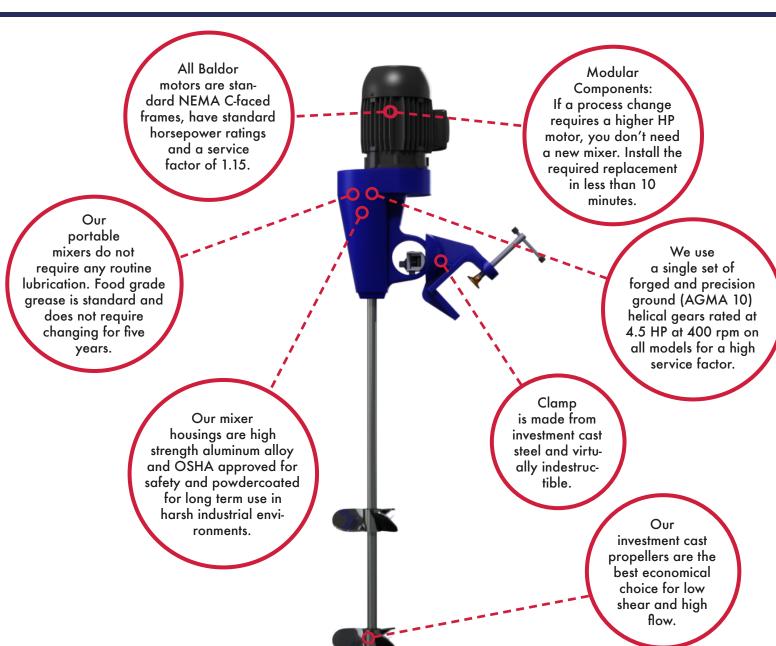

Pump shaft quality impeller shafts for lower overall system vibration and longer service life. Standard impellers and shafts are 316SS/L. Optional coated wetted ends, PTFE, PFA, PVDF, PVC or Rubber covering per your requirements. Standard motors are Baldor, 230/460/60/3 C-face mounting. Optional inverter, chemical and washdown duty motors available.
