

SANITARY SOLUTIONS

Fluid Process Equipment | Service & Repair | Installation | Skid Systems

PUMPS

Sanitary centrifugal pumps

Precision metering pumps

Centrifugal pumps for food, hot oil, and solids handling applications

Drum and container pumps

Husky sanitary air-operated diaphragm pumps

In-line vertical multistage and digital dosing pumps

Peristaltic (hose) pumps

Sealless, mag-drive, low flow gear pumps

Progressive cavity and rotary lobe pumps

Chemical injection, precision dosing, and diaphragm metering pumps. Fluid metering, transfer, and control technologies

High pressure, single-stage pumps

Sandpiper sanitary air-operated diaphragm pumps

Heavy duty positive displacement and sanitary centrifugal pumps

Peristaltic hose pumps

Heavy duty ANSI centrifugal, vertical turbine, split case and submersible pumps

Self-priming centrifugal, submersible, engine driven, and air-operated diaphragm pumps. Packaged water and wastewater pumping stations

Centrifugal pumps for food, hot oil, and solids handling applications, vertical turbines

Hygienic gear pumps, heavy duty gear and rotary lobe pumps for abrasive & viscous products

Call 920-733-4425 or go to www.craneengineering.net

FILTERS, STRAINERS, & SEPARATORS

Strainers, bag filters, cartridge filters, gas/liquid separators, mechanical & backwash self-cleaning filters and strainers

SANI-MATIC

In-line filters and strainers

Culinary steam filters

In-line filters and strainers

Reverse Osmosis (RO) filtration systems

MIXERS

Submersible mixers

Top entry mixers

Portable and fixed mount sanitary stainless steel mixers

MECHANICAL SEALS & PACKING

LEMCO® SEALOL® SAFEMATIC®
POWERSTREAM™ METASTREAM™

Mechanical seals, bearing isolators, packing, gasketing, environmental controls, seal support systems, and couplings

Air purge seals for horizontal mixers, blenders, and screw conveyors

FLOOR COATINGS, TANKS, & LININGS

FRP roofing and siding panels; tank covers

Epoxy and vinyl ester coatings; high performance tank linings

Flooring, linings, and pourable grouts

Custom fiberglass tanks and salt brine systems

Polyethylene tanks and containment vessels

Pultruded and molded fiberglass panels, platforms and grating

INSTRUMENTATION, CONTROLS & DRIVES

Recorders/controllers, transmitters, flow meters, analyzers and sensors

Sanitary pressure, temperature and level instruments, DART displays and sensors, differential pressure switches and transducers

PH and process probes

Pressure gauges & switches, manometers, flow meters & switches, transmitters, pitot tubes, anemometers, and air velocity controls

PH and process probes

Level sensors

Power load monitors and soft starts (formerly Emotron)

Bluetooth smart enabled equipment health monitor

Pump control and protection

Direct steam injection heaters; heat transfer

Temperature sensors, RTDs, thermocouples, and accessories

Thermometers and scales

Pressure and temperature instruments

WATER/WASTEWATER

Submersible pumps and mixers

Phosphorus, radium, arsenic, nitrate, ammonia, iron/manganese, barium, and uranium removal; odor control and softening equipment

Positive displacement blowers and packaged systems

Self-priming centrifugal, submersible, and engine driven pumps. Lift stations and packaged pump systems

Dissolved air flotation thickeners and clarifiers, combined DAF-gravity sand filters, the Air Dissolving Tube, and packaged treatment systems

Polymer (dry & liquid) make-up systems and solids metering systems
