FACTORY AUTHORIZED REPAIR CENTER FOR ALL BRANDS INCLUDING:

PUMPS

- Complete rebuilds
- Exchange programs
- Laser alignment
- Vibration Analysis
- In-place balancing
- Mechanical seal conversion
- Factory authorized Service Center (**Roto-Jet, Viking Pump, Goulds Pumps**)
- Roto-Jet loaner program
- Preventative Maintenance

WATER/WASTEWATER

- Clarifiers
 - Rebuilds
 - Coatings
 - Preventive Maintenance
- Screw pumps
 - Rebuilds
 - Coatings
 - Preventive Maintenance
- Sludge Grinders
 - Rebuilds
 - Preventive Maintenance
- Blower/Mixer Repairs
- Aeration/Oxidation ditch repairs
- Lift Stations
 - Pump repairs
 - Controls
 - Rehabilitation
 - Preventive Maintenance
- Equipment installation & piping modifications
- Influent screens and grit removal equipment
 - Repairs
 - Rehabilitation

VALVES

- Valve automation
 - Install actuators / positioners
 - Retrofit actuators
- Basis weight valve preventive maintenance and rebuilds
- Low pressure steam valve repair

MECHANICAL SEALS

- Seal repairs
- Troubleshooting

ADDITIONAL EQUIPMENT SERVICED

- Power transmission equipment
 - Gear reducers
 - Concentric
 - Cycloidal
 - Gear motors
 - Much more
- Rotating equipment
 - Gearboxes
 - Mechanical drives
 - Mixers & agitators
 - Rotary airlocks
- Blowers
 - Industrial fans & blowers
 - Multi-stage centrifugal blowers
 - Positive displacement blowers
- Paper & production equipment
 - Spool repair,
 - Re-reelers
 - Winders
 - Clutches
 - Brake assemblies
 - Oscillators
 - Motor drums
 - Shredders
 - Pressure screens

"Crane Engineering helps us a great deal with equipment reliability. They provide us with pump and mechanical seal training and greatly improved our mechanical seal reliability."

"At one point, our seals were failing within a week of replacement. The company that helped us select the seals failed to support us. Crane came in, assessed the issue and helped us create an action plan to get the correct seals in place. Today we have minimal issues with our seals because we worked together to resolve them."

- Maintenance Supervisor
