

VALVE SUPERSOURCE

Fluid Process Equipment | Service & Repair | Installation | Skid Systems

Forget the catalog - go directly to the Source!

With over 40 manufacturers, Crane Engineering is the **SOURCE** for all of your valve needs. Our inventory is one of the largest in WI, and allows us to deliver 100's of valves the same day!

CONTROL VALVES

Ranger QCT rotary eccentric plug, globe, angle globe, 3-way globe, Y-pattern globe. Regulators - pressure reducing and back pressure valves, tank blanketing, vapor control

Delta-T: High performance butterfly, resilient seated butterfly, teflon seated butterfly, SS, CS, soft seats.

High performance CS body, SST body, soft seats, resilient seated, teflon lined

Segmented V-Port ball, Threaded brass and stainless, 2 & 3-piece, full, reduced, and multi-port, V-port control

High performance CS body, SST body, soft seats, metal seats, Firesafe, and triple offset

High temperature, high pressure, digester blow valves, special alloy, metal seated trunion mount, v-port, phantom port, double block & bleed, flange, weld in

Segmented V-Port ball, threaded brass and stainless, 2 & 3-piece, full, reduced, and multi-port, V-port control Globe, mixing, plug, caged, single seated, and rotary control

Globe, angle, isolation and three-way body configurations, metal and resilient seated, general service, and severe service, desuperheating

Hi-flow control, self-acting temperature, globe control, and angle seat

KNIFE GATE

ORBINOX

General service, cast stainless, bidirectional, through conduit, square ported, double gate, rubber sleeve, hopper shape, split body, split body bidirectional, swing knife gate, single wedge, fabricated single wedge, bonneted, o-port, and level sensor isolation valves

BUTTERFLY VALVES

High performance butterfly, resilient seated butterfly, teflon seated butterfly, SS, CS, soft seats.

Resilient seated, Teflon® lined, 2-48", DI body

High performance CS body, SST body, soft & metal seated, Firesafe, and triple offset

QSM Tru-Flo - Sanitary butterfly, and stainless steel tri-clamp

High performance CS body, SST body, soft seats, firesafe, resilient seated, teflon lined

Resilient seated

Resilient seated, teflon seat, high performance, triple offset

SANITARY

QSM Tru-Flo: Sanitary ball and butterfly valves; fittings

Sanitary diaphragm valves Ball, butterfly, check, plug, relief, compression, sampling, mix-proof, flow diverting, stem flush, and single seat valves

Sanitary valves: multi-port ball, flush-type ball, jacketed ball, transfer diaphragm, aseptic ball, and CIP valves

Aseptic and hygienic valves, single seated, double seated, sampling, mix-proof, check, automation

Call 920-733-4425 or go to www.craneengineering.net

BALL VALVES

 **FlowTek** Threaded brass and stainless, 2 & 3-piece, full, reduced and multi-port, V-port control, and flanged

 **JFLOW** Threaded brass and stainless, 2 & 3-piece flanged, full, reduced and multi-port, media containment, high purity V-port, high pressure, metal seats, and other

 **TRU-FLO** QSM Tru-Flo - Industrial: threaded brass and stainless, full, reduced, and multi-port, V-port control, threaded brass and stainless, 2 & 3-piece. Sanitary: tri-clamp

 **SURETITE VALVES** Stainless, 2 & 3-piece, full port, and flanged; manual or automated

 **CRANE** Threaded bronze and stainless, 2 & 3-piece, full and reduced port

 **Hills-McCanna** Teflon lined ball valves

 **JARECKI VALVES** High temperature, high pressure, digester blow valves, special alloy, metal seated trunion mount, v-port, phantom port, double block & bleed, flange, weld in

 **SPX** 2" thru 48" API 6D Monogrammed Trunion Mount and Floating Ball (Soft Seated)

ACTUATORS/AUTOMATION

 **Max-Air TECHNOLOGY** Pneumatic rack & pinion, scotch yoke & electric, limit switches, solenoids mounting kit, electric, on/off, modulating, quarter turn

 **QTRCO** Stainless steel, ductile iron, gear, high-cycle, spring-return, double & fast acting actuators rack & pinion

 **rotork** Electric, on/off, modulating, quarter turn, and linear actuators - pneumatic,

 **Indelac Controls, Inc.** Electric, on/off, modulating, quarter turn, and linear actuators

 **FlowTek** Double-acting and spring-return rack & pinion; electric quarter-turn, pneumatic

 **KTORK INTERNATIONAL, INC.** Pneumatic vane actuators

 **BLX** Pneumatic, electro-pneumatic, and smart positioners

 **SIEMENS** Smart/Intelligent valve positioners

 **ABB** Pneumatic, electro-pneumatic, and smart positioners; explosion proof

 **SOLDO CONTROLS** Proximity & limit switches, positioners, position transmitters, networking devices and solutions

 **TURCK** Proximity switches and networking solutions

 **ASCO** 3-way and 4-way solenoids

 **Automatic Valve** 3-way and 4-way solenoids

SPECIALTY

 **cashco** Regulators: pressure reducing, sanitary, gaseous, cryogenic, pilot operated, back pressure/relief differential, and thermal trip valves

 **CRANE**  **ALOYCO**  **DUO-CHEK** **Cast Iron** **Cast Steel**

Bronze, cast steel, cast iron, stainless steel, gate, globe, check, ball, butterfly, and corrosion resistant

DSI Forged steel and cast iron gate, globe, and check valves, pressure seal bonnet

 **Hills-McCanna** Diaphragm, plug, and teflon lined butterfly

 **chem-plug** Plug and lined valves

 **SMG** Concentric and lined plug valves

 **SMG** Tank blanketing valves, pressure vacuum vents, and vapor control systems, flame arrestors

ONYX VALVE Pinch valves, duckbill check valves, pressure sensors

 **HY-GRADE VALVE, INC.** Check valve, specialty materials, severe service

WATER/WASTEWATER

AWWA butterfly, AWWA plug and check valves, swing check, swing-flex, foot valve, surgebuster, air release valves, vacuum release valve, QuadroSphere Ball, Ener*G resilient seated ball, automation packages

 **VAL-MATIC** Flowmatic Danfoss: Air/vacuum, butterfly, check, control, and gate valves; back flow preventers

 **FLOMATIC VALVES** High Quality Valves Built to Last...

 **ORBINOX** Knife gate, slide gate, sluice gate, and check valves

 **CRANE**  **ALOYCO**  **DUO-CHEK** **Cast Iron** **Cast Steel**

General service butterfly, high performance butterfly, UL listed, globe, iron, bronze, and carbon steel body gate, SST gate, UL listed, ball & check, double-plate, and Uni-check valves

 **PENN-TROY MANUFACTURING, INC.** Mud valves, telescoping valves, floorstands, valve operators and accessories

 **rotork** Electric, on/off, modulating, quarter turn, and linear actuators - pneumatic,
